

# Zipper Door Installation Instruction

## WARNING

**American Shrinkwrap Zipper Doors will not shrink,  
Do Not Use Heat Tool On Zipper Doors.**

1. Do not install the Zipper Door until shrinkwrapping is fully completed.
2. Tape the Zipper Door to the completed shrinkwrap project as pictured.
3. After Zipper Door is taped to the surface, fully unzip zipper and cut opening completely through door film and shrinkwrap film.

**Make sure not to hit teeth with cutting tool.**
